General Description

Seals & Inflates Flat Tires. Designed to be used with any passenger car, truck trailer, or almost any pneumatic type tire.

Product Benefits

Tire Inflator has the following advantages:
• Safe method to temporarily repair tire
• Reduces hazards of roadside tire changing
• Will not adversely affect tire balance.

Directions

Shake can well before using. Rotate wheel so that tire valve is at bottom. If necessary, remove wheel cover and extension stem. Screw plastic hose adapter to tire valve. Remove cap and depress button at top of can while holding can in upright position. Use entire contents of can for automobile or light truck tires. For use on passenger car, van and pick-up trucks only. Do not use on motorcycles or any two-wheeled vehicles. Immediately drive or roll tire so that foam is evenly distributed. Drive to nearest service facility for permanent repair.
