

LIQUID TUNE-UP 3-STEP KIT

Penray Plus™ Liquid Tune-Up Kit is perfect for all cars and light duty trucks. This unique kit contains 3 functional fluids; Fuel Injector Cleaner, Oil Treatment and Cooling System Treatment which combined can help save gas. Penray Plus™ Liquid Tune-Up Kit helps improve gas mileage, keeps engine oil clean and protects cooling systems against rust and scale. Suggested usage is after every oil change.

STEP 1: FUEL INJECTOR CLEANER

After adding to fuel, tank Penray Plus™ Fuel Injector Cleaner will help remove deposits, clean injectors and provide lubrication that will enhance smooth injector operation and help improve gas mileage.

STEP 2: OIL TREATMENT

Penray Plus™ Oil Treatment helps stop leaks due to drying, hardening or shrinking of seals, and keeps the engine clean with superior detergents. It also counteracts the effect of oxidation with acid neutralizers. Penray Plus™ Oil Treatment protects internal engine parts against deterioration, bio-fuel residue and condensation with advanced corrosion inhibitors.

STEP 3: COOLING SYSTEM TREATMENT

Penray Plus™ Cooling System Treatment contains a coolant stabilizer, and helps eliminate corrosion and scale build-up. It also slows the formation of solder bloom, and rebuilds and maintains pH levels. Penray Plus™ Cooling System Treatment is compatible with all types of antifreeze.
