

# **Synthetic DOT 4 Plus 6632 Brake Fluid**

**For use in low viscosity, low temperature,  
high performance brake fluid applications**

Excellent for adverse conditions, temperature extremes, high altitudes

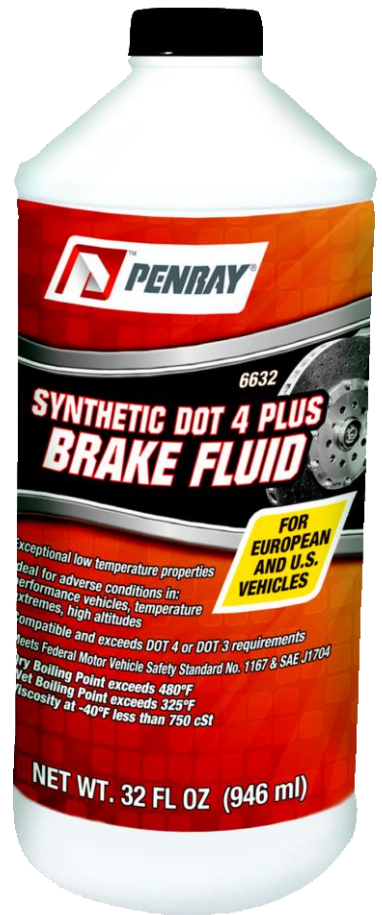

Dry Boiling Point exceeds 480°F

Wet Boiling Point exceeds 325°F

Viscosity at -40°F less than 750 cSt

Provides corrosion protection

Meets Federal Motor Vehicle Safety Standard No. 1167 and SAE J-1704

Part #	Quantity	Net Contents	Container
6632	12/Case	32 fl oz.	Bottle

## **Stop With Confidence**
