

## TOTAL DIESEL FUEL SYSTEM CLEANER

### Total Diesel Fuel System Cleaner has the following benefits:

- Diesel fuel treatment formulated to dissolve and disperse asphaltenes
- Great year-round cleaner
- Enhances overall performance of fuel
- Cleans and unplugs injectors
- Helps improve lubricity
- Helps prevent fuel system corrosion
- Improves power
- Attacks extreme cases of dirt, grime and sludge
- Helps prevent degraded fuel from plugging fuel filters or injectors
- Contains extra solvents and detergents
- Helps disperse water
- Restores cetane
- Compatible with bio-diesel blends

### HANDLING INSTRUCTIONS:

Penray Total Diesel Fuel System Cleaner can be used in bulk diesel fuel tanks and individual tanks.

**BULK TANKS:** Add 1 gallon of Total Diesel Fuel System Cleaner to 1,000 gallons of diesel fuel.

**INDIVIDUAL TANKS:** Add 1 quart (32 fl. oz.) to 250 gallons of diesel fuel.

Initial Treatment: Dosage may be increased if fuel quality is suspect or when filter plugging has been experienced due to fuel degradation.

**MAINTENANCE:** After initial clean up, dosage may be reduced for system maintenance depending on severity of conditions.

Part#	Net Contents	Container Type
105032	32 fl. oz.	Bottle
105005	5 gallons	Pail
105055	55 gallons	Drum
