

BATTERY CLEANER

PENRAY BATTERY CLEANER is formulated to neutralize harmful battery acid and help dissolve common deposits that reduce positive electrical contact. It can be used on all types of batteries, cables and terminals, or anything subject to acid corrosion.

After cleaning use Penray Battery Protector 7011 to prevent future build-up of corrosion.

- Use on All Types of Batteries
- Neutralizes Acid and Removes Corrosion
- Helps Produce Positive Electrical Contact
- 50 State Formula
